SOME THINGS YOU SHOULD KNOW ABOUT THE WATCHES IN THIS CATALOG

1. ALL WATCHES SHOWN ARE SHOCK RESISTANT and meet the U.S. Government standard to withstand shock equal to a drop of three feet to a hardwood surface without substantial adverse effect.
2. All watches indicated as WATER-RESISTANT meet FTC standards of being capable at time of sale of enduring a test of submersion for five minutes under atmospheric pressure of 15 pounds per square inch and for five more minutes under additional pressure of 35 pounds per square inch without admitting any water. Ability to pass test assures that watch is protected against humid conditions and accidental immersion. Crystal, crown, and case must remain intact, so periodic checks are recommended.
3. BULOVA DURA-CRYSTAL® is a scratch-resistant mineral crystal offering maximum protection and distortion-free viewing.
4. All Day/Date models sold in U.S.A. have English/Spanish day discs. All Day/Date models sold in Canada have English/French day discs.
5. All Caravelle watches are made with a stainless steel back.
6. All prices quoted are subject to change without notice.
