STYLE AND SUBSTANCE

Welcome to the world of Caravelle watches for 1985, a year that marks a return to elegance and renewed appreciation of fine styling, superior craftsmanship and true value.

Long recognized as the forerunner in moderately priced, meticulously made watch fashions, Caravelle introduces an exciting, new dimension to its 1985 line. Styling is diverse, spirited and far more costly looking than its \$50 to \$100 retail range.

Caravelle's standard of excellence begins with a superb selection of beautifully tailored classics with precision quartz movements, sweep second hands and genuine leather straps. And runs the gamut of in-demand styles from sporty expansion bracelets to fine jewelry designs, calendars, day/dates, two-tones, diamond dials. A creative new look is everywhere...in shapes and details, textures and tones. Caravelle is fashion at its finest, deft design mated to Bulova's mandate of quality, accuracy, and dependability. The two year warranty that accompanies every Caravelle watch attests to its superiority in precision timekeeping.
